

We are now going paperless!

We are always looking for more effective ways to keep our parents informed and engaged in their child's learning journey. With new technology constantly being released, it's important that we provide you with the most effective, yet simple to use tools available.

We're excited to announce that we have now invested in Weduc, a new digital communication tool designed specifically to improve the way that parents and school staff communicate.

Please note that all future letters will now be sent via the Weduc app or can be viewed on the school website. All you need is a mobile phone or other web enabled device and away you go! It is important to download this app as soon as possible so you are not missing out. All payments for dinners and trips will also need to be made via this app, as we can no longer take cash payments

In order to benefit from this new tool, please follow the simple steps outlined below:-
