27th February 2014

Dear Parent/Carer

Our school is receiving a visit from a Life Education Centres' mobile classroom.

Life Education (www.coramlifeeducation.org.uk) is a national Health Promotion project providing a unique, age appropriate drug prevention and health promotion programme that teaches children about the wonder of their bodies, how to take care of them and how drugs can affect them. The specially equipped classroom provides an unforgettable experience for the children, which assists our school with health education.

The support from parents and carers plays an important part in the success of drug prevention and we would like to invite you to visit the Centre. The visit will enable you to find out more about what your child will be doing, to view the many resources used and ask any questions you may have. A special session for parents will be held on Monday 3rd March 8.50am – 9.20am.

If you are able to attend the above session please complete the reply slip below and return to school as soon as possible prior to the parents session.

Thank you for your support.

Yours sincerely

Mr T Sherriff
 Headteacher
