

Little Barn Mobile Farm

Visits Westfield Primary School

Little Barn Mobile Farm is going to be visiting Westfield Primary School on Wednesday 25th March.

During the visit the children will learn about different types of farms and farm animals.

Some of the animals from the farm will also be visiting our ALPS outdoor area and your child will be given the opportunity to stroke / hold the animals if he/she wishes to do so.

Following contact with any of the animals or feed your child will be given antibacterial hand gel, and at the end of the visit he/she will be supervised by a member of staff from the school whilst washing his/her hands.

Please make the school aware if your child has any allergies, including any nut allergies as some of the animal feed may contain traces.

IMPORTANT: Please speak to your child's class teacher if you do not want your child to handle and / or feed the animals.

Regards

Mrs Houghton (Assistant Headteacher for Foundation Phase)
