Y2

This week the children have been using equipment to add two 2 digit numbers together and finding $\frac{1}{2}$ of a number. They've really enjoyed using the equipment to solve different calculations.

We've had a very busy week in **POD 1**, gloop, painting, jigsaws, blocks, imaginative play and to end the week in baking we made chocolate crispy cakes.

Wigan Council is currently undertaking a consultation to better understand parents' experiences of accessing childcare for school-aged children across the borough. Your feedback will help us identify local childcare needs and any gaps in provision, ensuring future services better reflect the needs of families in your school community. The consultation focuses on the following types of childcare:

- Breakfast clubs
- After-school provision
- Holiday childcare

The same platform also includes a separate consultation for early years childcare, which may be of interest to families with younger children.
